

Merry Christmas & Happy New Year!

Tyson Pharo, Sky Mae, Shane, Lanette & Tyrel

Wow what a year! First off you might be wondering who the extra person is in our family picture? Well I am very proud to announce the engagement of Sky to Tyson Pharo from Cheyenne Wells. They will be married May 14th, 2011 be sure to hold that date open and join us.

Shane and I have had a very busy year with the Tanner Time Training Center growing and holding barrel races through out the winter, spring, summer and fall. Not always what Shane wanted to be doing but he is a real trooper for me and our business. We have had wonderful barrel racers come from all over to compete in our awesome arena with Tanner Time. I was blessed to train and run some great horses this year and it has been really fun and hard work. I got to achieve one of my long time goals I competed in my first Professional Rodeo for the Women's Professional Rodeo Association.

Shane was promoted to Chief Engineer at his work "Oliver Manufacturing" in April. With his work he has traveled to Canada and all over the United States. His trips consist of work but on his free time he has learned to fly fish on some amazing rivers. I was blessed to get to go with him to Los Angeles, CA where I spent three days by the pool in June. This was not normal for me but I had a great time with Shane going some place special every night. I got to go with him to Chicago, IL and that was amazing. The country girl in the big cold windy city was sure an experience. Shane still loves his job and his new position with it.

Sky is still in Cheyenne Wells working at the bank. Tyrel is still living in Ft. Collins. He worked for a photography company that takes school pictures and really enjoyed it but it was seasonal. He is now looking for a job but until than he does construction and landscaping for his brother Brian.

Shane and I also enjoy riding his Victory motorcycle with our friends touring beautiful Colorado on nice days. I don't much care for it when the weather is cold. I am into warm weather riding, but Shane would ride it all the time if he could.

Our lives are very blessed and we have our Lord Jesus to thank for that so we hope you join with us to celebrate his birth with a very Merry Christmas. *Shane & Lanette Pritchard*
